SPECIFICATIONS

CONSTRUCTION

Diffuser: pure virgin acrylic
Hardware: solid brass
Internals: white powdercoated C.R.S.

ELECTRICAL

Incandescent Lamps: medium base porcelain sockets
PL Lamps: GX23 base sockets - HPF magnetic ballast
Q18 Lamps: GX23 base sockets - HPF magnetic ballast

CERTIFICATION

All units: UL listed dry location
Consult factory for damp location and Canadian labeling.

MOUNTING

Designed for flat wall surfaces using an octagonal J-Box. Fixtures are intended for mounting with their center point at or slightly above eye-level. For applications where fixtures are mounted significantly lower, or when top is plainly visible (such as in stairwells or multi-story atria) optional top diffuser is recommended. Note that this diffuser will reduce total light output of fixture.

PHOTOMETRICS

Consult technical section for photometric reports. Davis/Muller will gladly run photometric reports for your application at no cost or obligation. Ask your sales representative for details.
